German Precision Optics Introduces New SPECTRADot™ Red Dot Scope

RICHMOND, Va.(March 15, 2021) — German Precision Optics (GPO) proudly introduces its entrance into the red dot scope market with the new SPECTRADot Red Dot Scope. Designed to meet the needs of tactical shooters and hunters that require rapid target acquisition, this high-quality, lightweight and compact red dot scope is the perfect mate to most tactical and sporting rifles and shotguns.

The SPECTRADot features high-efficiency power management with a battery runtime of up to 50,000 hours with a CR2032 battery, a mount that mates with both Weaver and Picatinny-style rails, precision ½ MOA windage and elevation click adjustments, and IPX 7 sealing. The red dot brightness measuring 3 MOA also enables the use of the SPECTRADot in a variety of lighting conditions, with six daytime and five nighttime settings.

Red dot sights, long a favorite sighting system for law enforcement, AR platforms and military personnel, have been finding favor with more and more niche hunters as well. For example, many Alaska brown bear guides mount them on their large-caliber back-up rifles for use in thick cover, and countless turkey hunters have found that a red dot sight is a much more accurate and quick sighting system than traditional front bead or old-school post-and-notch-type sighting systems.

The GPO SPECTRADot™ sight measure 2.53 inches long x 1.4 inches tall x 1.78 inches wide, and weighs just 6.63 oz. without lens covers and mount. It is IPX-7 waterproof submersible rated and includes an instruction manual, cleaning cloth, allen key, objective and ocular lens caps, and a low-profile Picatinny/Weaver mount. All GPO products purchased in the USA include the GPO, USA's Spectacular Lifetime Warranty™. Full details on this industry-changing warranty can be found at www.gpo-

usa.com. Currently available at retailers nationwide and at www.gpo-usa.com, MSRP is \$399.99. More information is available on the website, or by calling 844-MY BINOS (844-692-4667.)

About GPO USA

German Precision Optics was founded on the premise that design, engineering and quality management is 100 percent controlled in Germany to its strictest standards, yet products can be produced at some of the largest production facilities around the world. This unique corporate structure allows GPO to offer the highest quality products with better features at a significantly better price. The company is 100-percent confident that all of its products will not only function perfectly but will exceed all expectations. Therefore, GPO, USA has created an industry-leading Spectacular Lifetime Warranty™. With outstanding professional service, GPO USA will take care of its products before, during, and after the purchase at no charge—EVER. Founded in 2016, GPO has its US headquarters in Richmond, VA. For more information on GPO US visit www.gpo-usa.com or call 844-MY BINOS (844-692-4667.)
